MEN TO HELP IN CLEARING DEBT ON CLUB HOUSE

To Give "Appreciation Dinner" and Program Evening of May 31

COMMITTEES APPOINTED

Five Hundred Dollars Set As Minimum Profit for Community Event

Members of the Upland Woman's club are feeling much more optimistic today—the men are going to help them pay off the debt on the club house.

To this end a number of husbands of the members met at the club house last evening to decide upon the best plan to pursue for this purpose and agreed to put on an "appreciation dinner," this event to be an annual affair. So the first annual "appreciation dinner" will be held at the Woman's club house on the evening of May 31. The dinner is to be cooked and served by the men of the community and the price will be $5 per plate. An excellent program will also be staged during the evening.

Decrease in membership during the past year or two has brought the financial situation of the Upland Woman's club to a critical condition—even to the point where a number of them were getting somewhat discouraged, it being about all the women could do to meet the running expenses, with very little, if any, left to pay on the indebtedness, which now is less than $7000, the women having gradually worn down the amount to that figure. Some of the men became interested, feeling that the Woman's club is a valuable asset to the city and surrounding community. This resulted in the meeting last evening.

J. W. Shepperson was chosen chairman and after decision to stage the dinner and program was made, the following committees were named: General committee, Mr. Shepperson, J. Emery Sargent, Dr. O. A. Thompson; program, Mayor P. H. McQuillen; dinner, Glenn M. Atwood; publicity and tickets, H. M. Guy. The latter three are to choose others they desire to serve with them on their committees.

Five hundred dollars has been set as the minimum amount of profit from the event. In fact, it is believed that at least 200 tickets will be gladly purchased in order to help maintain the Woman's club house. The local club and its property are outstanding in Woman's club circles in Southern California. In order to maintain this standard the women have been exerting efforts of many kinds to raise funds, the expense naturally falling on the men in the final analysis. The men present at the meeting last evening were all enthusiastically in favor of the plan adopted, feeling it would relieve the women of much hard work in putting on dinners and other, affairs from which very little profit results. It is also believed that buying two tickets for this one event at a higher price will be less expensive than supporting many more affairs throughout the year at a somewhat smaller figure for each one.

This evening's festivities will not be limited to members of the Woman's club and their husbands, but there are many others who will be glad to help in this worthy effort.

Poultrymen Seek to Establish Patrols

First steps toward the establishment of a vigilante committee to protect chicken flocks from theives were taken at a meeting of Ontario poultrymen last night Nearly 200 persons were present at the session held in the Ontario junior high school.

A committee was named to make definite plans and to represent the group at a meeting of the Ontario city council.

Loss to the poultrymen has been heavy as theives have raided establishments throughout the Ontario district, according to reports offered by many present.

Creation of a patrol group of their own was looked upon as one of the most feasible methods of protecting flocks.

House Going Up ... Site Is Bought

Another Uplander has shown faith in the future and good business judgment by purchasing a lot of plans announced for the construction of a house.

Fred W. Williams, local contractor, is the new owner of a lot on Arrow highway, west of Laurel avenue, and within a very short time he will begin the construction of a new residence. The house will be of the bungalow type, and when finished will be placed on the market for sale or rent. Purchase of the property was made through J. L. Messenger of the Empire Realty & Mortgage Co.

While there are not many new buildings going up here, nearly every week brings a new announcement of property being sold and of new houses being planned. It is recognized frequently that Upland lacks suitable housing facilities and in building, Mr. Williams and others will provide attractive accomodations.

REV. FRED SMITH TO LEAVE UPLAND

New Pastor Named for Nazarene Church Here; Board of Trustees Chosen

Rev. John Mandtler will succeed Rev. Fred Smith as pastor of the Upland Nazarene church next month, this being announced today after the annual meeting of the group held this week Rev. Mandtler was in Upland within recent months holding evangelistic meetings at the local church. He also has held special services in Alta Loma.

Rev. and Mrs. Mandtler have been making their home in Pasadena and they will locate here within a short time.

Rev. and Mrs. Smith have been very active during their four years' service in Upland and during that time the local church has been prominent in community religious affairs.

Edwin Motsinger was chosen Sunday school superintendent succeeding Harold Merchant, who has efficiently served in that capacity for several years. Named on the board of trustees were Rev. George Ward, E. A. Fetrow, D. Benner, T. E. Ketcheson, Jess McCoy, Orin Decker and R. P. Kennedy.

As president of the Young People's department, Miss Gwendolyn Merchant and as president of the women's department, Mrs. John Mandtler, will also serve as trustees.

Beulah Speakers Win, Lose in Two Debates

Beulah college debaters broke even in their contests with Pasadena college debaters this meeting, the local contest being held last night, with Beulah speakers winning.

Speaking on the question, "Resolved, that the United States should adopt the essential features of the British system of radio control," Everett Byer and Arthur Climenhaga, local affirmative speakers, won. Earlier in the week Woodrow Wiles and Price Trautwein of the local college lost a decision in Pasadena.

Judges last night were Rev. Lester Hostettler, Dr. Earl Wenger and J. B. Groff.

Nasibitt Pleased As Sales Appear

H. F. Naisbitt, for many years a real estate dealer in the east and in recent years very active in Upland and Ontario, said today.

"In all my advertising during many years, I have never obtained such satisfactory results as I am through The Upland News. And no place else have I received such fine cooperation as I am receiving from the Upland people."

Mr. Naisbitt is sub-divider of Red Hill Estates and handles other property. Negotiations are under way for the sale of several properties involving a large sum.

"It is very gratifying, especially under present conditions, to find people who are interested to make investments," he continued.

ARIZONA OFFICERS HERE ON CHECKUP OF KIDNAPING TIP

One of Many Clews About June Robles Sends Investigator to Territory

ACTIVITIES KEPT QUIET

Police Leave Last Night After Contacting Local Ranch Near Upland

As the result of a "tip" that the kidnapers of little June Robles might be holding her on a ranch not far from Upland, a representative from the Arizona state police was here this week up until last night.

What he found while here has not been revealed. He worked quietly while checking up on the reported activities of the kidnapers. Name of the investigator is not being revealed and scene of his investigation is being kept a mystery.

Hundreds of tips are received by Arizona police, he is reported as having said in explaining the reason for his presence in this community. As far as possible every clue is investigated in the desperate hope that the identity and whereabouts of the kidnapers may be learned.

The six year old daughter of an Arizona couple, snatched into the kidnapers' car last month, is the object of search throughout the southwest. Press reports have revealed little progress in the baffling battle by the police with the gang who are holding the girl for ransom.

Parents of the family have been unable to make satisfactory contact with the kidnapers, according to press reports.

Welfare League In Session Today to Hear Nominations

Meeting at the home of Mrs Dudley Phillips in Alta Loma this afternoon, the Junior Welfare League was scheduled to hear the report of the nominating committee and to discuss the plans and preparations being made for the welfare benefit dance to be held on the evening of May 19 in Red Hill Country club.

General interest being shown in the dance indicates a large attendance at the benefit function.

During the meeting this afternoon the members worked on articles to be contributed to the community first-aid cabinet being sponsored by Upland chapter, American Red Cross.

GLENN ATWOOD IS HONORED BY BOARD

School Trustees Express Appreciation for Work of Former Member

Honoring Glenn M. Atwood for his efficient service on the Upland board of education, the present board members adopted a resolution at the meeting this week. This was the first regular meeting with Charles J. Coe serving in place of Mr. Atwood. The resolution,, signer by Clyde D. DuVall, president; Mrs. Hilda Anderson, clerk, and Mr. Coe, follows:

May Heat Records Recorded As Mercury Goes High In District

It has been much warmer in Upland than it is today or was yesterday—but never before in May has the mercury reached the 103 degree point. At least that was the unofficial report from the Liberty Groves Operating corporation today.

At 1 p. m. the mercury at the Nineteenth street office was 97 degrees. At 12 noon the temperature was 99. Highest temperature yesterday at that point was 103 degrees. Humidity yesterday was exceptionally low, being down to four. Humidity today was at 22.

"This is not exceptionally hot for May," W. M. Mertz, corporation official explained. "It seems the season is one month ahead of normal conditions. The little oranges are a size normal for June."

He predicted the hot weather would do no more damage to the citrus now than it would ordinarily in June, due to the advanced size of the fruit.

It is generally acknowledged that the heat at Ninteenth street is slightly more intense than further from the mountains. Even this belief doesn't make it very cool in the Upland business section today.

"Usually May is rather cool," Mr. Mertz explained, "but you probably have noticed that the cherries and other spring fruit appeared about a month in advance. Ever since January, weather conditions have been advanced."

Weary Dog Finds Way Back Home

Another evidence that dogs don't forget those they love—and will make every possible effort to return to them under extreme difficulties has been proven in an Upland incident.

Some three months or more ago "Fluffy," the beautiful white dog belonging to the family of Attorney Edward E. Gray, disappeared from their home when they were residing on Euclid avenue. Shortly after that Claremont friends who own a dog like "Fluffy" left their pet with the Gray family while the owners are making a trip abroad, thus making up to some extent for the loss of the Grays.

A few evenings ago as Mr. Gray and son Bobbie were crossing Euclid avenue at Arrow highway the latter saw a dog slowly wending his way up Euclid from the south. He resembled "Fluffy" to a very great extent, but was dirty and weary. However, upon hearing his name called "Fluffy" recognized his owners and was taken to the present home of the Gray family on Laurel avenue.

The Grays have no doubt their family pet was stolen and the incident of seeing it was a lucky one for both "Fluffy" and his owners, as one can only conjecture as to what would have happened had the dog gone to their former home and not found the Grays still there.

Footsore from many miles of travel, "Fluffy" was happily taken home, where he was given a bath and further proper treatment and is now in his former excellent condition. For several days, however, he could not refrain from expressing his joy by effectionate whines and in other ways making known his appreciation and loyalty.

TEACHERS' CHECKS TO BE UNCHANGED

School Board Decides to Pay Instructors Same Next Year as This Year

Salaries for teachers in the Upland schools will be the same during the coming year as during the year nearing a close.

This was decided at the meeting of the Upland board of education this week. Personnel of the teaching staff next year will be virtually the same as at present.

This was the first regular meeting of the board since Charles J. Coe succeeded Glenn M. Atwood. Clyde DuVall is president, with Mrs. Hjalmar Anderson, clerk.

Postal Official May Look Over Local Site

Admiral C. J. Peoples, director of the procurement division of the U. S. Treasury department, has been invited to visit Upland and to do what he can to get an appropriation approved for a local post office.

Mrs. H. Douglas Sage and baby of 476 East Ninth street, returned Tuesday from Lake Arrowhead where they spent the past two weeks in the Sage mountain home. Mr. Sage spent part of the time with his family at the resort.

BUSINESS CONTROL SEEN AS DANGEROUS

Chaffey Speaker Expresses Belief About Financial Legislation

An ideal government is one with as little control as possible and where there is much control the government is far from ideal.

This is one of the many points offered by Dr. Paul Cadman, in his address on "What Price Control?" in the Chaffey junior college auditorium Tuesday night. John W. Shepperson was chairman of the evening, with Edward E. Gray in charge of the forum following the address. Many questions were asked and considerable interest shown in today's financial legislation.

Dr. Cadman commended the efforts to relieve suffering among the needy, but a continuation of some of the panaceas is likely to lead away from democratic government, he intimated. If what is being done in government today had been attempted 20 years ago, it would have been called socialism, he said.

The speaker, in general, defended the financial legislation and governmental practices as of a few years ago. He looked upon stock exchanges as being institutions able to perform without severe legislation.

This address ends the Chaffey lecture series.

200 Members Sought In Farm Bureau Here; Deuel Speaks

Much can be accomplished for the agricultural interests of the county and state through an active Farm Bureau and it is hoped that at least 200 Upland citrus growers will join the organization during the current campaign.

With about 35 persons in attendance, the membership drive was officially started at a meeting in the Upland junior high school last night. J. J. Approximately 40 persons have joined the local unit. Membership fee is $5 annually, this being divided as follows: $1 to the local unit; $1 to the county Farm Bureau organization; $2.50 to the state Farm Bureau and 50 cents to the national federation.

RODEO WILL DRAW THRONGS HERE FOR TWO DAY PROGRAM

Highway Patrolmen Preparing for Second Annual Event in September

EQUIPMENT IS PROVIDED

Louis Kronmeyer Says Many of West's Best Riders Already Contracted

That the rodeo of the San Bernardino division of the California highway patrol will be an annual event was the assurance of Louis Kronmeyer today, who announced that on Sept, 8 and 9, one of the biggest events of its kind would be staged here

Held here last year as a benefit for the widows and dependents of highway patrolmen, the rodeo this year is expected to net a much larger sum. Corrals, benches and other equipment for accommodating scores of horses and horsemen and hundreds of patrons were built. The 1934 rodeo will be presented with no major expense for equipment.

Mr. Kronmeyer said that some of the best riders in the west have been engaged for the September performance, recent contracts being given some of the riders at the Hoot Gibson rodeo recently.

Site of the rodeo will be on the eastern slope of Lone hill

Hundreds of persons were attracted here last year, after only a brief period of preparation.

Blythe Rosenberger Ill Since Wounded by Blank Cartridge

Blythe Rosenberger, the 16-year-old son of Mr. and Mrs. E. C. Rosenberger, has been seriously ill for several days at the family home on West Twenty-third street.

Sustaining severe powder burns on his side from a blank cartridge fired at close range from a .22 caliber revolver held by one of a group of boys with whom he was passing the time at Red Hill Country club Sunday, Blythe received medical treatment some time later when Mrs. Rosenberger returned from LaJolla, where she had gone to place Mr. Rosenberger in the clinic.

As a precautionary measure, an anti-tetanus inoculation was given and the reaction from this treatment has proved unusually severe, causing the patient intense pain. However, there now are indications of improvement,

TEA AND PROGRAM AT P.-T. A. SESSION

Fannie D. Noe Association in Final Meeting of This School Year

Preceded by a delightful tea with which the teachers of the school entertained the mothers of the pupils, the final meeting of the Fannie D. Noe Parent-Teacher association for this school year was held Wednesday afternoon in the school auditorium with the new president, Mrs. Albert C. Reynolds, presiding.

The tea was served on the large stage, which had been attractively decorated with many spring flowers. Miss Jessie Brown, principal of the school and Miss Bertha Watson, a teacher, presided at the tea table and the social hour afforded an opportunity for pleasant visiting among the mothers and the teachers.

The program features sharing in importance were the report by Mrs. Hjalmar Anderson of the state convention held last week in Sacramento, and the address by Mrs. Sherman Mason, prominent in P.-T. A. work in Los Angeles.

Recalling the theme of the convention, "A time like this demands strong minds, great hearts, true faith and ready hands," Mrs. Anderson gave a comprehensive account of the more important activities of the convention, stating a great amount of valuable work was accomplished.

Mrs. Anderson greatly minimized the early press reports

Support Sawyer ... Meeting Tuesday

Every person who will volunteer to actively support Chief of Police J. F. Sawyer in his race for sheriff and every person interested in the campaign was urged by Ernest C. Mehl today to attend the public mass meeting in the American Legion clubhouse here, 7:30 p. m., Tuesday.

The meeting is being sponsored by the Sawyer for Sheriff club and the Tuesday session will result in definite plans being announced for the club's work. An ambitious program is contemplated to get everyone in the territory from Fontana to Chino lined up for Sawyer. Sawyer for Sheriff clubs will be formed in the various communities.

No special invitations will be given for the Tuesday meeting other than this announcement and Mr. Mehl, who is president of the local Sawyer club, asked that men and women attend the meeting and get ready to get busy in the campaign that is likely to put Mr. Sawyer in the sheriff's office.

HOSPITAL PREPARES FOR MANY VISITORS

Public Invited to Visit Local Institution on Saturday Afternoon

San Antonio Community hospital will be opened to the public tomorrow afternoon when the entire hospital staff and members of the Woman's Hospital Auxiliary will hold open house in celebration of national Hospital day and the birthday anniversary of Florence Nightingale, this being an annual event that always brings large crowds to visit the splendid hospital that efficiently serves the several adjacent communities.

A new feature is being added for this year's event, that of assembling, as nearly as possible, all babies born at the hospital during 1933, and their mothers. They will be gathered on the lawn where group pictures will be made. Girl Scouts will be present to aid in caring for the babies.

During the afternoon the visitors will be greeted by members of the Auxiliary and Mrs. G. A. Hanson, president of the group, will preside at the refreshment table. Mrs. Leigh Thompson is in charge of arrangements and is being assisted by Mrs. J. H. Titus and Mrs. A. A. Aita.

The public is invited to visit the hospital between the hours of 2:30 and 5, when the guests will be at liberty to inspect the building and its modern equipment.

Hospital day is celebrated in thousands of hospitals in the United States and Canada, and in hospitals in such far-away places as China, Alaska, Australia and other lands, and all who gather at the hospital tomorrow will be participating in a truly big event.

Hospital day is not a donation day, but just a time for welcoming friends old and new.

Weed-Cleaning Time Here, City Advises

Property owners were asked by city officials today to clean up their vacant property and parkings as a precaution against fire.

Elks' Melodrama Will Aid Welfare

"You can tell the people for me that 'The Curse and The Cure' is going to be one of the best entertainments ever presented in the district," William Atchley, exalted ruler of the Ontario-Upland Elks lodge said today.

"I have seen the cast rehearsing and they perform just like professionals. We hope to have a large audience. You know the proceeds go to the Elks' charity fund."

Mr. Atchley has been active in assisting those in direct charge of the home-talent production.

"In attending the play, people will not only be well pleased with the melodrama, but will also do their bit in making possible more effective welfare work."

SAWYER'S SUCCESS FORECAST AS CLUB IS ORGANIZED HERE

San Bernardino, Colton Men Predict Police Chief Will Be Sheriff

MEHL HEADS CITY GROUP

Strong Sentiment Is Reported For Local Candidate in County Seat

Many encouraging views were presented by San Bernardino and Colton men who were in Upland last night to assist in the organization of a "Sawyer for Sheriff" club. Nucleus of a strong organization was formed.

Ernest C. Mehl was named president of the local club, and Fred E. Draper secretary. A general meeting of all persons who will actively support Mr. Sawyer will be held in the Upland American Legion clubhouse at 7:30 o'clock Tuesday night. Special committees may be named at that time.

T. O. Carter, ex-under sheriff of the county, also present last night, predicted Mr. Sawyer's victory. Presence of Mr. Carter on Mr. Sawyer's side apparently means much to voters in the San Bernardino territory, for nearly every speaker referred to him and his high standing. Mr. Sawyer said Mr. Carter was largely responsible for him becoming a candidate.

Concerning this Mr. Carter said: "I have known Jedd for thirty years and I am backing him because I believe he is better fitted than any other candidate. You ought to get back of him in this end of the county."

That this district is back of Mr. Sawyer was generally expressed by his fellow townsmen who were present last night. Purpose of the club is to get out every voter and to be in a position to help canvassers in other sections of the county.

Among those present last night from Upland were Harry Plum, T. Kirk Vernon, Mayor P. H. McQuillen, Fred E. Draper, Kenneth Heinauer, Floyde L. Atwood, Perry O. Long, Owen E. Atwood, Vernon V. Paine, John D. Howe, Leigh Thompson and Ray W. Flickinger.

Mr. Mehl has served unofficially as aide to Mr. Sawyer. He presided as temporary chairman and called on the visitors. Mayor McQuillen and Mr. Howe were also called upon and each suggested plans for the club and each spoke of the encouragement given by the San Bernardino district delegation.

Mr. Sawyer has served as a police officer in Upland for 32 years and his clean, vigorous record and his widely known ability as a leader and organizer are factors that will mean votes for him, the visiting delegation said at various times throughout the meeting.

Because of this record and because there are so many candidates, the visitors predicted the local chief's success.

In San Bernardino city are seven candidates and the dividing of that city among so many local candidates is regarded as highly favorable to Chief Sawyer.

Thoughts for Mother's Day

Mother's Day will be observed on Sunday. This is the day on which we pay tribute to the most unselfish, the most thoughtful, the most sacrificing of all persons—Mother. There are many who are yet too young to appreciate what Mother means to them—those yet at home being ministered to and watched over by her. We who have grown to more mature years, who may have lost Mother and now have wives who are Mothers are able to appreciate what Mother means in the home.

An Upland Mother, Mrs. Elizabeth Weil, has written some "Thoughts for Mother's Day," which have been handed to The News by one of her young friends and admirers. In writing these "Thoughts" we are sure this good Mother was not thinking of herself, but is paying tribute to her Mother and all true Mothers throughout the world. We are sure our readers will appreciate them and they are printed below:

The world had rolled along for a good many centuries before anyone thought of establishing a Mother's Day. How many people today know just why we have set aside this day? How many people know just when and how the day originated?

So strong had become the desire of the great American people to do some specific honor to the American Mother that a bill was passed in United States Congress on May 8, 1914, designating the second Sunday in May as Mother's Day. The first official Mother's Day proclamation was issued by Woodrow Wilson, then President of United States, May 9, 1914. In this bill are the words that the service rendered the United States by the American Mother is the gratest source of the country's strength and inspiration.

It is with interest that we read the definite tribute paid to their Mothers by those high in the affairs of state and letters. Bulwer Lytton says: "Nature's loving proxy is the watchful Mother." We surely will never forget Lincoln's much quoted words: "All that I am, or ever hope to be, I owe to my angel Mother." John Quincy Adams had a similar thought when he said: "All that I am my Mother has made me." Tennyson wrote: "Look how this love, this Mother runs through all the world." Such acknowledgments can be duplicated over and over again from the pages of history and we find many Mothers known only because they were Mothers of famous sons. Who can measure their power or influence? It is veritably true that "The hand that rocks the cradle rules the world."

There is a Jewish saying that "God could not be everywhere and therefore He made Mothers." We may not entirely concur with this statement, but we can be very sure that Mothers are in close touch with the Infinite source of all wisdom.

Among the worldly minded grownup children of today there is some thoughtless neglect of home ties, and of loving consideration, engendered by the whirl and pressure of modern life. These words about Mother's Day and Mother are written because of this thoughtless neglect.

We hear the baby lips of the French child lisp La Mere; the sturdy little German child says Die Mutter; in liquid tones the Italian child calls Matre; the Roumanian child calls with an appealing accent Mama, but the tongue we know the best speaks the softest syllables possible—Mother.

Mother is the first one to love you with a love that rises to an altitude of affection higher than any other emotion. The love of Mother is a theme where even our most soul searching thoughts seldom find expression.

Mother is the one who has suffered more for you, unselfishly worked for you, prayed for you, encouraged you, had faith in you and forgiven you more than anyone in the world. With all these gifts of sacrifice and service we often forget, until it is too late, to show our appreciation. Why is this? It is not because we do not love Mother. It is because we know that Mother loves us so much she will always makes excuses for our neglect. Perhaps a simple thought or two will awaken activities of affection.

One single rose of remembrance, while your Mother lives, is worth more than a bank of roses after she has closed her eyes in that long sleep. One small bunch of violets today will mean more than a car full of flowers following Mother on her last earthly ride.

One short hour's chat, or a letter, will mean more today to your Mother than a dozen hours spent at her tomb.

Let Mother's Day be a reminder of the loving, unselfish Mother—living or dead.

Leaving with you the thought, "Flowers for the living," we can give you no better message than the following lines written by Agnes Hadley:

If you have a gray haired Mother
In the old home far away,
Sit you down and write the letter
You put off from day to day.
If you have a tender message
Or a loving word to say,
Don't wait till you forget it,
But whisper it today.
For these some hearts are breaking,
For these some loved ones wait.
Show them that you care for them,
Before it is too late.

Midsummer weather has arrived in California about a month ahead of schedule—likewise in the middle west. We have passed through a dry winter in the west as have those in the middle west. However, the water problem "back there" is much worse than here. In California we are prepared for "dry weather." We have water stored for use at all times so that it is ready when needed, which is a goodly portion of the year. However, in other sections of the country it is different. Crops are dependent upon rains at frequent intervals and it takes only a few weeks without rain to cause a drouth. Such is the condition in the middle west at this time. In some sections water is not permitted to be used on lawns or to wash vehicles. Unprecedented high temperatures have repeatedly been recorded for May and unless rain comes within a short time a serious condition will result because of shortage of crops. We in the west are praying with them for generous rains before it is too late.

Interest in professional sports in this country is deliberately built up through the daily papers, even to the end that a gullible public often is lead to take the sucker bait so skillfully displayed in the sports pages. At times it definitely assumes the proportions of a racket with the sports writers pulling out the nice fat chestnuts for the promoters.

It is a well-established fact in Los Angeles that a little clever bribery, in the form of "gifts" to the men in the right place in the sports news departments, will produce a lot of highly valuable publicity which would cost large sums of money if handled through the business office. Right now the laugh is on the daily papers in connection with a recent event which was purely a money-making affair, advertised free of charge.

What the owners and business managers of these paper are thinking about that they let it be put over on them so regularly we cannot imagine. But they do, time after time. They are in the position of big suckers which lead the thousands of little suckers into the nets of the promoters.

When We Calculate War Cost

San Bernardino Sun: When that much-discussed "next-war" comes along, and we find ourselves, in spite of our peace resolutions, beginning to think that maybe we ought to get into it from duty or necessity or national interest, or just because we're mad at the other country, it may be wise to consider some figures given out by President Nicholas Murray Butler of Columbia university.

He says our last war cost participants $400,000,000,000. That sum is inconceivable. It becomes more understandable when he breaks it up as follows:

It would have bought five acres of land, a $2,500 house and $1,000 worth of equipment for every family in the United States, Great Britain, Canada, France, Belgium, Russia, Germany and Australia. It would also have provided a $5,000,000 university for every city of 20,000 or more population in all these countries. In addition, it would have provided an endowment fund permanently paying for 125,000 teachers and 125,000 nurses. And there would still have been enough left to buy France and Belgium.

Better file away these facts to refer to when the time comes and the jingoes start ballyhooing.

Theaters, Programs For Week In Valley Given Review Here

No person in the theatre world is more popular than Will Rogers and people in the Upland district have the opportunity tonight, tomorrow afternoon and tomorrow night to see one of his best pictures.

"Mr. Skitch" will be presented in the Upland theatre showing the "Rogers family" on a tin can tour, during which his daughter falls in love and the car falls in a ditch.

This picture is on a par with Rogers' other productions, according to reports.

Another popular picture comes here Sunday and Monday. "We're Not Dressing," featuring Bing Crosby.

Remarkably cool for this season is the local theatre, where the air is cooled continually and many peopjle are finding it a very comfortable and enjoyable place.

California Program

Featuring Dick Powell, Ginger Rogers, the four Mills brothers and Pat O'Brien, "20 Million Sweethearts" appears in the California theatre three days beginning Sunday.

Widely publicized as the greatest recent product of the film colony, the featured bill is dramatic in its presentation of what goes on behind the radio microphone and distinctive for the rapid succession of the most popular song hits. Ted Fiorito and his famous band are among the outstanding musicians on the air and their presnetation in the picture is widely spreading their fame.

Showing tonight and tomorrow at the California is "Tarzan and His Mate," a story reported to be different than any other Tarzan feature.

Fox Pomona

Warner Baxter and Madge Evans are two of the featured players in the Fox Film musical. Not only is "Stand Up and Cheer" a musical, but it is a tonic for those people who are blue and depressed with all the worries of business. It will be shown at the Fox Pomona theater tonight and Saturday. The story for this picture was suggested by Will Rogers.

Also featured on the same program is Joe Penner, in his first motion picture titled "Gangway," a Popeye cartoon, and a news reel.

Clark Gable and Myrna Loy in "Men In White" will be the featured attraction at the Fox theatre, Pomona, starting next Sunday and continuing for four days. There will be continuous performances Sunday from 2 to 11 p. m.

From Padua Theater

The Mexican Players at the Little Theater in Padua Hills will again present their "Fiesta of San Ysidro," Saturday, at 2:30 p. m., and 8:30 p. m. Ysidro is the patron saint of the farmer, and his birthday is celebrated each year in rural Mexico with many quaint and unusual customs, much music and dancing.

Poster Prizes Awarded

The Little Theater has just completed the judging of its poster contest, conducted among the high schools and junior colleges for the Padua Players' production of "Alice In Wonderland" and the Mexican Players' production of "Ysidro."

On "Ysidro"—Ted Littlefield of Chaffey high school, first; Bill Jones of Chaffey high school, second.

Awards of merit to: Kathryn Kaemerling of Chaffey high school, Frank Brown of Chino,

Local Singers to Assist In Vesper Services Sunday

A special vesper service is to be held at 5 o'clock Sunday afternoon in Bridges Hall of music, under the direction of the Pomona college department of music. Friends of the college and all persons interested in good music are invited to attend.

Vespers are to be sung by two choirs, one a group of 16 voices selected largely from the college glee clubs, and a choir of 16 adult voices, selected and rehearsed by Prof. Clokey, composer and organist of the college. The service will include "Responces," written by Mr. Clokey, in which antiphonal singing by the two choirs will be an interesting part.

Of particular local interest is the fact that four local people are members of the adult choir. They are Miss Marjorie Wilkins, Mrs. Shirley Shaw and Dr. Harry Frederickson of Ontario and Archie Moore of Upland.

Kenneth Stoddard and Lindsay Field of Chaffey junior college, and Constance Kearns of Chino.

"Alice In Wonderland" opens Monday May 14 and continues until Friday evening, May 25.

Direct Aid Total Lower for Month; 115 Get Help Here

Number on the direct aid relief roll in Upland is slightly more than 100.

Number in the county getting direct aid is 9,130.

The county total is lower now than was the total several months ago, with a continued decrease expected. The number getting aid in Upland has been lower, a few persons being added to the roll within recent weeks, Avery S. Allen, chamber of commerce secretary, said today.

Total of 2,260 cases were dropped from the relief rolls during April due to persons being able to obtain employment and for other reasons, Harold P. Thoreson, relief administrator, reported this week.

At least 2000 persons now on the relief roll are getting aid because of curtailment of CWA projects during March.

Obligations incurred from all public funds in the county during April for unemployment cases totaled $155,267.90. The expense account was classified as follows:

Food $134,088.74; shelter, $8,467.92; clothing, $1,345.57; fuel, $3,003.43; light, $832.37; medical care, $3,486.74; insurance and sales tax, $3,387.53.

Upland Woman's Club Birthday Luncheon Lovely Affair

The annual birthday luncheon party, looked forward to by members of the Upland Woman's club as the special social function of the club year, was held Tuesday at the club house and was a most delightful event.

The club women were grouped at the luncheon tables according to their birth months with each group being responsible for the distinctive decoration of its table as well as for a portion of the program.

With the several seasonal themes being developed in the decorations and many lovely flowers used, the club auditorium presented a medley of color that blended with charming effect.

Equally pot-pourri was the program, or the several programs, presented, delightful music, readings, dances, bits of comedy, etc., being included, none of the groups knowing in advance what the others were to present.

The January table, at which Mrs. J. B. Browning was hostess, presented a clever scene of winter sports and for the program, Mrs. Browning's daughters, Charlotte and Marjorie appeared in delightful dances, Shirley Snider accompanying at the piano.

The St. Valentine motif was used in the colorful decorations for the February table, at which Mrs. Royal V. Ward presided, and the program number was presented by Miss Paugh and Miss Nelson, violinists, and Miss Margaret Page, pianist.

The March and April birthday ladies combined their tables, Mrs. Herbert W. Metz presiding as hostess. The theme, April showers and spring flowers, was indicated by a dainty open parasol and a number of gay little flower pots in which were growing perky flowers in all colors of the rainbow. The entertainment was presented by Miss Phyllis Moore, playing a guitar, and Mrs. Earl H. Johnson, playing an unknown and very curious stringed instruments. strument.

Mrs. J. H. Freeman served as hostess for the May table, which bore a lovely May pole and spring flowers. The number presented by this group occasioned much amusement when Mrs. F. B. Harn and Mrs. W. H. Frost appeared on the stage attired as little girls in the pantalet days of the past and gathered May flowers. The entire group then sang the May day song, "Going a-Maying."

At the June table, Mrs. Alfred R. Kipp hostess, graduation time was the theme of both the decorations and the "stunt." Announcing that all other members of the faculty had gone fishing, Mrs. Kipp proceeded to present diplomas to the sweet girl graduates in cap and gown, Mrs. Sarah Nelson, Mrs. Clyde Whiteley, Mrs. R. E. Van Ness and Mrs. W. C. Crane.

A resounding Fourth of July celebration was held at the July table, Mrs. C. W. Hawks, hostess. A giant firecracker, gaily waving flags, etc., proclaimed the patriotic theme and little cap pistols provided the necessary noise. Mrs. Hawks also made a brief talk on the significance of the day.

Again school days were remembered by the combined August and September groups, a little red school house surrounded by hollyhocks forming the decorations. Mrs. Frank Baxter was hostess and the two groups put on a school program with each one "speaking a piece," such as "Little drop of water—," etc.

Spooky Hallowe'en decorations graced the October table, Miss Ethel Leeke, hostess, and for the "stunt" a witch, Mrs. C. K. Francisco, in real hobgoblin costume, stirred her cauldron, seething on the stage, and several of the group gathered about to have their fortunes told, all very amusing forecasts.

The November table, Mrs. F. C. Buffington hostess, was decorated with a charming Thanksgiving scene and the group sang a number of Thanksgiving songs, while Miss Lillian J. Williams read an appropriate poem.

A Christmas scene marked the December table, at which Mrs. E. C. Mehl was hostess, and the program number was the very appropriate selection, "Silent Night," played on the violin by Miss Marian Short, accompanied at the piano by Mrs. Ruth Woodham.

During the afternoon Miss Leeke led the club women in assembly singing of several numbers.

In the enforced absence of Mrs. W. H. Tuttle, May chairman, Mrs. Hiram Waterman was in charge of the luncheon, receiving credit for the very delectable menu served.

MAC the Medicine Man
AND HIS TRUSTY CREW

Spread the gospel of a Gift for MOTHER on MOTHER'S DAY

This year we are featuring an especially fine Box of Chocolates for $1. The box is neat, attractive and novel, but the big value is in the CANDY.

We have given the usual intensive attention to the selection of our Mother's Day Cards, and they are being received with hearty approval. We thank you.

The Day of all days is next Sunday, May the 13th. If you are one of the fortunate folk who still have a Mother to remember to make especially happy on this occasion, we offer our interested service at this time. If Fate has decreed otherwise, there are still many, many Mothers in this Community and throughout the land whose Day of Days may be glorified by some thoughtful soul such as you or me.

Many gracious men and women thank us for focusing their attention. It might have slipped by and some one dear to them would have watched the sun set next Sunday unnoticed by some one who should have remembered.

To some inspired humans it means an opportunity to gladden the waiting hearts of the husband's or wife's—or their own Children's Mother. To others—an opportunity to pay a bit of tardy devotion to the shrine where fate has denied us the sacred privilege of parenthood.

Again, and again does this most acceptable token and treasured card of sentiment and gratitude go to some one who has been a Mother in deed, if not in fact.

Regardless of what you give—or how you give it—Do something for some Mother, or better for Mothers, on this Mother's Day. Let us here pledge that we—The Trusty Crew—will do our part; and we mean by that pledge—Not by sales alone.

LOCAL POWER LINE STARTS PROGRESS

Edison Co. Executive Tells Lions Club Results of Men's Vision

Without realizing one to whom he referred was present, Clyde Houston, assistant commercial manager of the Southern California Edison Co. paid a tribute to the men who had vision and who made progress regardless of obstacles and pessimism when he spoke at the meeting of the Upland Lions club in Red Hill Country club yesterday noon.

He referred to the beginning of the development of the long distance transmission of electricity. As major events occurred in the expansion of the electrical industry, the speaker listed in detail the year and the special development. Men with vision, courage and determination made possible progress, he said, and he listed the work of the San Antonio Light & Power Co. in 1892 as a vital step in electrical development.

Present as a member of the club was A. W. "Squire" Burt secretary and general manager of the 1892 power company. At the request of President Glenn M. Atwood, Mr. Burt made a few remarks just prior to the close of the meeting concerning the project.

In the face of present conditions, Mr. Houston said, great development is occuring. His general theme was one of optimism and he gave an assurance that no matter what may be the outlook, you can't stop progress. He added: "In spite of all the opposition there can be no stop in the electrical development."

The Pacific coast has led the world in developing the electrical business and with the coming of power from the Colorado river in 1937, another important step can be expected in this industry, he said.

"As long as men have courage, vision and faith, progress will be made," Mr. Houston declared.

Serving as program chairman was Leigh Thompson, who for a year has provided the club with exceptional programs.

FORMER MEMBERS IN 20-30 MEETING

Hawaiian Student Speaks as Many In District Unite For Session

The feature of the dinner meeting held Tuesday evening by the Upland 20-30 club in the Sycamore Inn, was the gathering of many of the past active members of the club, it was stated by Kenneth McCabe, press reporter for the club.

Arthur Chung, an exchange student from Hawaii, who is now attending Pomona college, was the program speaker.

An enlightening discussion of Hawaii and the Far East situation was presented by Mr. Chung, who also demonstrated a number of ancient Hawaiian dances and songs and told something of the political organizations in the islands.

At the end of his college year, in June, Mr. Chung will return to Hawaii where he expects to practice law.

Another enjoyable feature of the program was presented by Miss Phyllis Moeller when she entertained with a number of songs and dances. Miss Moeller is a student of the Dorothy Williams dance studio.

John Andreson, Jr., chairman, San Bernardino; Frank Cram, East Highlands; Charles Latimer, Ontario; R. H. Mack, San Bernardino, and Edwin Rhoads, Chino.

T. C. Tucker, chairman of the California Farm Debt Adjustment committee, made the following statement:

"It has been the experience of committees set up in other states that the very announcement of the appointment of such an organization has concentrated attention on the problem of adjusting debt differences between farm debtors and creditors so that efficient farmers may be able to hold title to their farms and continue to operate them."

MERCHANTS BEAT VISITORS, 13 TO 4

Ray Chandler, Melton's Twirler, Easy Victim for Upland Nine

Bill Dowding didn't act like a good host should, from the social standpoint, but on the basis of a ball player, he wasn't so bad the other night when the Upland Merchants welcomed the Ontario Melton dairy ball team to town.

The final count was 13 to 4, favoring the local nine, which is a team without a league.

Ray Chandler, a Lemon Grower twirler of last year, now the dairymen's best pitcher, extended a gracious courtesy to the host team. He walked Jimmy Martinez, first man up for the Merchants. Then he fanned Harold Zenz, but Otto Gottwald and Mark Bailey joined Jimmy on bases with a couple of hits.

With bases full the local centerfielder approached the plate. His home run, a few seconds later, changed the figures on the score board.

Little happened in a scoring way again until the sixth frame, when Martinez's single, Zenz's double, a walk and two errors brought in five more scores. In the fourth two scores were jotted down when Chandler walked Martinez and allowed Zenz and Wilson to single.

The dairymen, many of whom probably never saw a cow closer than a milk bottle, got going in the seventh with four runs, due to a very heavy barrage of hits. Olinger doubled, Finley tripled, Crank hit a homer and Johnny Joines doubled.

Jake Voth had things controlled until the seventh and Cy Gunstream saved the box from further attack.

Mrs. Jessie A. Miller entertained recently three elderly ladies, with what Mrs. Miller calls a "grandma dinner." Her guests were Mr. Miller's mother, Mrs. John H. Miller; Mrs. Lydia Snyder, and Mrs. Moore, all of Glendora. Mr. and Mrs. Miller came here from that city a few years ago to make their home on Central avenue. They are in the chicken business and have a flock of 2500, and expect to brood another thousand very soon.

Mr. and Mrs. C. H. Beaupre will dine at Whittier Sunday at the home of Mrs. Fanny O'Rourke, where seven families will unite.

Mr. and Mrs. R. A. Parker of Eleventh and Benson motored last evening to Sherman Oaks, to attend the meeting of the Men's club, of which Mr. Parker is still the president. They are making their home here, since the first of the year.

Mr. and Mrs. F. R. Elliott of Sunland, who lived in Pomona years ago, were guests Sunday of Mr. and Mrs. R. A. Parker.

John Yost is building an addition of two rooms to his home on Eleventh street.

Mr. and Mrs. W. B. Falls and daughter, Ethel, drove up to the CCC camp above Alta Loma Monday, taking Omar Falls back on duty.

Mrs. Sam Jones and Mrs. Foote both of Central avenue, who have been ill, were able to be out Wednesday and attended the P.-T. A. meeting and tea in Ontario.

Mr. and Mrs. Frank C. Davis and sons were dinner guests Sunday at the home of Mr. and Mrs. G. R. Sawyer in San Bernardino.

On the basis of ticket sales, it was predicted today a large audience would be present in Chaffey high school auditorium tonight for the presentation of "The Curse and the Cure," a benefit performance by the Elks lodge.

Of special importance here, is the fact that Robert Stump wrote the melodrama and that several from this district are in the cast.

The plot centers about the life of a farmer of 1885 who had a habit for drinking liquor and who accepted a "cure" from a dying Indian chief and who suffers many consequences.

Among those in the cast are Ted MacLaren, Mrs. Mary Stump May, George McCarty, George Knox, Edna Mae Dacus, Chas. J. Hase, Gorgon Billings, Ike Steiner, L. J. Klimes and Donald Stoebe.

Christopher Hanson Is Found Dead at His Home on G Street

Apparently dead for 24 hours, the body of Christopher Hanson was found sitting upright on a couch at his home, 138 G street at 10 o'clock Tuesday night. The discovery was made when his nephew, Cecil Pratt, of 587 Ninth avenue, made a search for his uncle upon learning he had not been seen during the day.

Mrs. Hanson, who recently went east on a business trip, was notified immediately and in a long distance telephone call to her sister, Mrs. Wilbur Rider, Mrs. Hanson stated she was leaving New York at once and would reach Upland Sunday.

Suffering an attack of acute indigestion last week, Mr. Hanson went to the home of his relatives, Mr. and Mrs. Wilbur Rider, 1320 West Fourteenth street, remaining for a few days. During the week-end he returned to his home, declaring he felt quite well again.

On Monday evening Mr. Hanson talked with neighbors for a while, that being the last time he was seen alive. Returning home to retire for the night, he probably died quite suddenly as he sat on the couch with his hat beside him, as though he had just entered the house.

Mr. Hanson was 59 years old and had lived in Upland for two years. He owned a citrus ranch at the corner of San Antonio avenue and Fifteenth street. For 35 years he served as railway conductor on a Pennsylvania railroad.

Besides his wife, Mr. Hanson is survived by a son, Vernon Hanson, of Cedarhurst, Long Island. He was a member of the Masonic lodge in Far Rockaway, N. Y.

Funeral arrangements will not be completed until Mrs. Hanson arrives Sunday. J. B. Draper & Co. is in charge.

Mitt Stars Win and Lose On Ontario Card

Under the gaze of Harry Gilmore, 80-year-old ex-champ and the first welterweight title holder in the world, a fast boxing program was enjoyed by a throng in the Ontario boxing arena Wednesday night.

Pat Guillon, San Bernardino, won over Lupe Rios, Ontario, in one of the main bouts. Results of the other fights follow:

Art Hernandez, Bryn Mawr, defeated Tony Olivera, Pomona; Marcus Rey, Bryn Mawr, defeated Gilbert Rivers, San Bernardino; Paul Hurtado won over Joe Rivers, San Bernardino; Tony Levario, San Bernardino, defeated Joe Amanda, Bryn Mawr; Charles Starr, Sherman school, defeated Freddie Alvarez, San Bernardino; David Florio lost to Clarence Mento; Joe Gomez, Ontario, got decision over Joe Garcia, Claremont, and Louis McKane, Riverside, took Tony Mendez.

A little nonsense now and then,
Is relished by the best of men.
But a barb of truth, to be a gem,
Must point to everyone but them.

ETIWANDA

ETIWANDA, May 11.—The Friendly class of the Etiwanda church met in the church parlors for their regular monthly meeting. The former pastor, Rev. J. H. Mallows, was guest of honor. It being his birthday a special dinner was served, at which 63 were present and a very delightful evening was spent.

Mr. and Mrs. L. Mueller spent the week-end with the latter's brother, Ralph Price, and family at Big Pines.

T. Donnelly spent Wednesday at Riverside attending a state conference of the Congregational churches of California.

The Service club of Etiwanda held its regular monthly meeting at Cypress hall Wednesday evening. There were 25 members present and the dinner was served by the second section of the Ladies Aid society.

In our school news of this week there was a talk given the fifth and sixth grades by Mrs. E. Mueller on "Alaska," and on exhibition of a kayak, made by Boynton Hickcox, a student of the sixth grade. The kayak is about 10 feet long and he plans to sail it on Big Bear lake this summer. This little program concluded the study of the Alaskan territory by these grades.

Miss M. Travis was a guest Wednesday night of Miss E. Mitchell of Upland who is a former teacher of the Etiwanda school.

Mrs. J. Frost suffered a very painful injury Monday when she fell on her polished floor. Examination proved that she fractured three ribs.

Mother's Day services will be appropriately observed on Sunday next at the Etiwanda church by a special service conducted by the pastor, Rev. W. I. Newman. In the evening there will be a special service for Boy Scouts, in which 14 Cub Scouts will receive gold buttons of award and several will be transferred into the regular Boy Scout troops. A number of Scouts will also take part in the service. There will be special music and a speaker from Pomona will address the audience. All are invited to attend.

Local Druggists Go To Rexall Conclave

In the Ambassador hotel, Los Angeles, this week, P. H. McQuillen and Mr. and Mrs. Milton Huxtable represented Mac, The Medicine Man, Inc., at the annual convention of Rexall druggists. Several members of the local store staff were in Los Angeles today attending a meeting of salesmen, being guests of the United Drug Co.

Mr. McQuillen appeared on the program with the two-day conclave bringing together approximately 250 store owners in an exchange of ideas. Representatives of the United Drug Co., at the head office were present and outlined policies and told of new products.

Going from the local store today were Miss Elizabeth McQuillen, Mrs. Ella Rarick, Richard Highsmith, Mr. and Mrs. E. L. Frick, Mrs. Elaine Isom, Miss Marjorie Bollinger, Mrs. Nelle Perschbacher and Joe Ramirez.

"How far have you and your wife got with your plan to buy a new car?"

"We've got to the point where we don't speak."

CCC Camps All Re-Located In This Section; Much Work Done

With the re-location of the local CCC camps finally accomplished, F. H. Manker of Upland, who has been one of the directing officers in the Etiwanda camp for the past year, has been definitely assigned by the federal forestry service to summer duty in this district with headquarters at Camp Alta Loma. Mr. Manker, who has been federal fire warden for a number of years, will be in general charge of fire suppression work in the local mountains.

The Etiwanda camp, which is composed entirely of boys from adjacent districts and which gained a country-wide reputation for its accomplishments, its excellent deportment, its pride in its surroundings, and its efficient management, will be moved on June 1, from the canyon north of Etiwanda to Vista Grande near Banning for the summer. The Alta Loma camp boys have been sent to Montana and Camp Radford, also local boys, will be stationed at Alta Loma for the summer.

The camp in San Antonio canyon, made up of boys from the east, mostly from Kentucky, was moved a few weeks ago to Coeur d' Alene, Idaho. It is the present plan that these camp will be opened again next fall, probably in October.

Entirely aside from the incalculable benefit the CCC camps have been to the boys, they may also be credited with performing work of vast material benefit to districts in which they are located.

With California's increasing population and, consequently, diminishing water supply, the conservation of water is of paramount importance. In furthering this conservation work, the CCC boys have constructed many miles of excellently made firebreaks, trails for fire trucks and telephone lines and have cleared roadsides of inflamnable material. They also have constructed a number of substantial impounding dams in various canyons and ravines to aid in checking the wasteful run-off of flood waters from rain and melting snow.

In the Etiwanda camp alone, the CCC boys, working a total of 23,031 man-days, from May 25, 1933, to April 27, 1934, constructed 27.5 miles of firebreaks and improved 3.5 miles; built 9.5 miles of truck trails and maintained 42.5 miles, previously constructed; completed 6 miles of truck trail locating, and constructed 5 miles of foot trails, 2 miles of telephone lines, 3.7 miles of roadside clearing, and cleared 24.5 acres to reduce fire hazard.

The number of man-days given does not include the time spent in the construction and maintenance of buildings for the camp or improvement of the camp site.

Considering the similar work done by the other camps, it may easily be seen that the people have received full value for expenditures in the vastly increased fire prevention and water conservation projects.

During the heat of summer and the cold of winter, the boys struggled over the steep and all but impassable mountain ridges and precipices, building the firebreaks that line the mountains, surely earning their "keep" and the $25 a month sent home to their parents.

It can hardly be said that those firebreaks increase the beauty of the mountains, but they do greatly increase the safety of the watersheds and the supply of water for the homes and ranches in the valley.

Mrs. Grundy: "I know all about that. It's my husband's first wife."

Nurse: "I lost sight of the child, ma'am."

Ma'am: "Good gracious! Why didn't you speak to a policeman?"

Nurse: "I was speaking to one at the time, ma'am."

The convention, she said, was harmonious, the delegates devoting their time to sincere efforts to accomplish worthwhile work.

In discussing "What It Means to Belong to a P.-T. A.," Mrs. Mason emphasized the benefits to be secured by the mother, the child and the teacher, and declared the P.-T. A. may be made the binding influence between the home, the school and the church, with these three agencies developing the moral, the mental and the civic character of the child.

Miss Brown told of plans for the annual play day to be held Friday afternoon, May 18, beginning at 4:30 with games and contests on the school lawn. All parents are invited to bring family suppers for a picnic after the games. The finance committee of the P.-T. A. will serve free coffee and will conduct an ice cream booth.

Mrs. Reynolds announced the Ontario Council meeting to be held at Mountain View on Wednesday, May 23, and urged a large attendance in support of Mrs. Anderson, the new president.
